

**REMARKS**

Claims 1-13 have been allowed in the instant application.

By the above Amendments, Applicants respectfully submits amended Claims 22 and 23. The amendment of claims 22 and 23 clarifies that the claims are directed to a single compound and pharmaceutically acceptable salts thereof, more specifically, the 4<sup>th</sup> compound as listed in allowed Claim 9; and Claim 23 is directed to a pharmaceutical composition comprising the compound of Claim 22. Applicants submit that as such Claim 22 and 23 are patentable and that no new matter is being added. Applicants further submit that new Claims 22 and 23 are being added to present claims directed to a specific compound of interest. Applicants maintain that as Claim 22 is directed to a subset of compounds from previously allowed Claim 9, the subject matter of Claims 22 and 23 is patentable and that no additional search or examination is required.

Applicants respectfully direct the Examiner charge any applicable fees to Deposit Account #10-0750/PRD-0039/HBW.

Applicants respectfully request entry of the foregoing amendment and allowance of the pending claims.

Respectfully submitted,
